

## Napatech Wins Three 2013 Golden Bridge Awards

COPENHAGEN, Denmark, Oct. 4, 2013 – [Napatech](#), the world's leading supplier of [network analysis adapters](#), today announced that it has been named a gold winner in the Network Visibility Innovations category in the [Golden Bridge Awards](#) for its GPRS Tunneling Protocol (GTP) support. Napatech's [GTP support](#) was also named a silver winner in Telecom, Cable, Broadband and Voice Innovations and a bronze winner in All Technologies Innovations.

### Highlights:

- **Napatech's tunneling protocol support extracts information from GTP tunnels** to allow efficient analysis of applications and services used on mobile networks.
- **The Golden Bridge Awards are the world's premier business awards** and were created to generate industry-wide recognition of the achievements of organizations and individuals from all over the world.
- **More than 40 judges from a broad spectrum of industry voices from around the world participated** and their average scores determined the 2013 Golden Bridge Business Awards winners.
- **The winners were honored during the awards dinner on September 30, 2013** in San Francisco attended by the finalists, industry leaders and judges.

### SUPPORTING QUOTE:

Erik Norup, president and CMO, said: "Our GTP tunneling feature provides a powerful solution for network equipment vendors that need to build analysis products, especially for mobile networks. We are pleased that Golden Bridge has chosen to recognize us with these three awards. They are a validation of our company's continued commitment to providing powerful network analysis solutions using standard servers."

## About Napatech

Napatech is the leading supplier of real-time analysis adapters with over 140,000 Ethernet ports deployed worldwide. Designed for use with Commercial Off-The-Shelf (COTS) servers, Napatech adapters enable rapid development of powerful appliances for high performance analysis. Napatech adapters guarantee real-time delivery of data at speeds up to 40 Gbps. Intelligent features allow network data analysis to be off-loaded, thereby accelerating application analysis for managing, securing and optimizing networks and services. When performance matters, the world's largest equipment vendors in telecom, enterprise, financial and government markets choose Napatech. Customers depend on Napatech for reliable delivery, complimentary maintenance and upgrades, and experienced global customer support. Napatech is headquartered in Copenhagen (Denmark) with offices in Mountain View, Andover, Washington D.C. (USA), Tokyo (Japan), Seoul (South Korea) and São Paulo (Brazil).
